How we built this report

- Ad spend: $27.9K from Google Ads and Meta Ads, September 2026, across 21 ads with spend.
- Leads are matched to ads by utm_campaign (the campaign name), then utm_content (the ad name), ignoring case and punctuation (32 tags one or two letters off counted for the closest campaign). Of 702 leads from your ads, 667 (95%) matched an ad, 0 only a campaign, and 35 no campaign.
- Customers: won deals from your HubSpot, matched to leads by email. 121 of 229 won deals came from your ads; 115 could be tied to one ad.
- Cost per lead = spend / leads. ROAS = revenue / spend.
- Changes compare September 2026 with August.
